How honored is this day, with the revelation of good tidings to the Torah world, through the honored *Hagaon Harav* Avrohom Halevi Eisen, *shlit"a*, the Pozna Rov, whose name has been lauded extensively for his establishing of the Shas Yiden Kollel Network. And now he has girded his himself afresh and with his indefatigable strength of spirit to be one who maintains our world in fulfilment of the verse: "If not My covenant day and night, the laws of heaven and earth I would not have established" in its fundamental sense.

He decided to establish a center where the sound / voice of Torah will not pause day or night, and called it "Torah-24", which is as its name implies. There, exceptional *avreichim* of incredible wisdom, concentration and diligence will not pause for a moment while studying all the areas of the holy Torah – Sha"s Bavli and Sha"s Yerushalmi, Poskim (Adjudication of Jewish Law down the Ages) etc. In addition, there will be a shift of remarkable scholars studying the holy Zohar and the recitation of *Tikun Chatzot* at the appropriate time of midnight.

Fortunate are we, how good is our lot, and how pleasant is our destiny, that even in a doubly 'orphaned' generation, there are Jews of courage, concerned with the establishing of generations of those who strengthen this world with their Torah study as their focus. Their thoughts are given over to increase *kevod shamayim* (honor of Heaven) – whether via the encouragement of those who know Sha"s thoroughly, or supporting those who will study all the hours of the day and night – that through them the world will continue to exist.

All that is needed is the *bracha* for all those who donate and support this holy endeavor, to merit and see blessing and success in all the work of their hands as they support those who toil in Torah. They will merit to see children and grandchildren busy with Torah and *mitzvos*, and will be blessed in the fulfillment of all the hopes of their hearts for good and with *bracha*. Stage by stage they will eat from the fruit thereof, as it is written: It is a Tree of Life for those who uphold it, and its supporters will be content. So we should soon merit the *Or Chodosh* that will shine on Zion with the coming of the Redeemer speedily in our time, Amen and may it be His Will.

Signed on behalf of our holy Torah, those who toil in it and those who support it.
